

SUNIL MISRA

Sunil brings a wealth of experience as an entrepreneur and technology expert to his role as financial advisor. He earned his undergraduate degree in textile technology from the Maharaja Sayajirao University of Baroda in India, and later augmented his technical expertise with a Masters of Business Administration from the University of North Florida.

When Sunil first entered the workforce in 1993, he focused on the technology industry, and for several years he honed his expertise in data management and systems. During that time, he learned the crucial role that quality data plays in helping provide clients with the best possible results.

In 2009, however, Sunil decided he wanted a career that offered more interaction and problem-solving opportunities with clients. He found the ideal outlet for his keen attention to detail, sophisticated skills in data management, and his analytical talents in the financial services industry.

In his new role, Sunil worked as a financial advisor in a large firm. In time, though, he found that he wanted greater independence. So, along with Janak Desai, he formed Indus International. Today he has the flexibility to provide clients with a wide range of financial solutions.

Sunil has obtained his Series 6 and Series 63 licenses. He is also a Chartered Financial Consultant® and a Chartered Life Underwriter®.

He is active in his community and is involved in the Rotary Club of Orange Park Sunset.
